Dear Parents/Guardians and Students:

Rahway High School and the Alternative Center for Education will administer the PSAT to the Class of 2022 on Wednesday, October 14 and to the Class of 2023 on Thursday, October 29. All other students will continue to work remotely from home following the daily bell schedule. Testing students will report to their assigned home building, RHS or ACE.

Doors will open at 7:50 a.m. Students arriving after 8:00 a.m. will not be permitted to test. Test information, including testing rooms, will be sent to your student’s email, by the Friday before testing.

We will adhere to strict CDC guidelines pertaining to entering the building, social distancing while in the hallways and classrooms, as well as dismissal. If your student is displaying any signs or symptoms of COVID-19, we kindly ask that he/she does not come to school on this day. Student entrances are all located on the front of the building via Madison Avenue. Students testing on the first floor will enter the building via Door # 22 (next to the girls’ locker room). Students testing on the second floor will enter the building via Door #1 (the senior steps). Students testing on the 3rd floor will enter the building via Door #2 (next to auditorium). All students will go directly to their testing sites following marked hallway traffic flow signage.

Dismissal for standard test takers will be 12:30 p.m. Dismissal for extended testing will be 1:30 p.m. Students are responsible for any google classroom work they may miss on this testing day.

The PSAT is free for your child. It is an important test for college admissions, preparation and readiness. You must electronically register your child by Friday, September 25th to secure a seat for this test. We have a limited number of seats available, based on a first come, first served basis. Do not miss out on this opportunity. Please click here to complete the registration process.

If you have any questions regarding the PSAT, please contact your child’s counselor directly.

Sincerely,

Dr. Cary Fields
